

Health and Wellness Safe Places Rapid Response

2014 Prevention Needs Assessment Survey Summary of Nine Participating School Districts Jefferson County

Alliance for Better Communities

Anita Seefried-Brown

March 17, 2015

Number of Participants by Year and Grade

Validity Measures

- ▶ 1. In response to a question about whether or not they had been honest in completing the survey, the students indicated that they were “Not Honest At All” in completing the survey.
- ▶ 2. The students indicated that they had used a non-existent, fictitious drug in their lifetime or in the past 30 days.
- ▶ 3. The students reported an impossibly high level of multiple drug use (having used substances on 120 or more occasions in the past 30 days).
- ▶ 4. The students indicated past-month use rates that were higher than lifetime use rates.
